

Vacmobile Health Passes Can Help You Bring Back Large Scale Sports, Music & Cultural Events

We all know the benefits.

- Sports and Entertainment Recovery: Auditoriums, arenas, gyms, stadiums, theaters, and more
 - **Reliable higher capacity**
 - **Opening of other High Density Revenue Generating Venues: Bars, restaurants, VIP lounges, and shops**
 - **Health Pass Facilities will set the Platinum Standard**
- Direct and indirect economic impact from resumption of in-person activities
- Boost engagement and morale: resume social interactions in large and small groups, return to in-person work environments, and bring back high density activities, such as sporting events, concerts, and festivals

So how do we do this?

By gaining confidence in High Density Sporting and Entertainment venues, again through the Vacmobile Suite of Solutions.

- Safety and Wellness Assurance through multiple levels of authentication and validation technology and with guidance from experts at CDC, Emory Vaccine Center, NIH, The Luminosity Lab at Arizona State University, and others
- Rapid on-site testing from mobile labs integrated with VIP Star Network
- Compliance based on simple Health Pass criteria: **COVID-19 Vaccination and/or Negative COVID-19 Test**
- Interactive with your existing operating systems: **POS, Loyalty, and Registration**
- Cleaner and safer air and environments through our suite of Medklinn Technology products

Get a shot. Get a Health Pass. Get your life back.
