

Vacmobile Health Passes Can Help You Bring Back Group, Business and Leisure Travel

We all know the benefits.

- Hospitality recovery: hotels, resorts, cruise lines, airlines, arenas, & other Hospitality providers
 - **Reliable higher capacity**
 - **Opening of other High Density Revenue Generating Venues: Spas, restaurants, casinos, theaters, shops**
 - **Health Pass Facilities will set the Platinum Standard**
- Direct and indirect economic impact from resumption of in-person activities
- Boost engagement and morale: resume social interactions in large and small groups, return to in-person work environments, and bring back high density activities, such as restaurants and commercial tradeshow exhibitions

So how do we do this?

By gaining confidence in Travel again through the Vacmobile Suite of Solutions.

- Safety and Wellness Assurance through multiple levels of authentication and validation technology and with guidance from experts at CDC, Emory Vaccine Center, NIH, The Luminosity Lab at Arizona State University, and others
- Rapid on-site testing from mobile labs provided by VIP Star Network
- Compliance based on simple Health Pass criteria: **COVID-19 Vaccination and/or Negative COVID-19 Test**
- Interactive with existing operating systems: **POS, Loyalty, and Registration**
- Cleaner and safer air and environments with Medkinn Technology

Get a shot. Get a Health Pass. Get your life back.
